## Adult Wristbands

### FAST15

4-6  
WEEKS  
LIFE CYCLE

ultra-slim adult printable hospital wristbands

At only 15mm wide our FAST15 adult hospital wristband is the narrowest bracelet available from our comprehensive range of adult hospital bracelets. Secured to a patient with our popular, secure wristband clasp, the 15mm wide profile still allows high quality printing of patient demographic data - text, barcodes and images.

- Ultra-slim format hospital bracelet
- Ideal for long term patient stays
- Resistant to water, soaps, alcohol & chemicals
- Narrower printable area for text & barcodes
- Comfortable low profile design
- Innovative clasp fastening system
- Requires no expensive inks or ribbons
- Available in white and red (other colours available)

## Adult Wristbands

### SWIFT-ID-BAND

ultra economy printable adult hospital wristbands

1-2  
WEEKS  
LIFE CYCLE

Our cost-effective, economy alternative to our most popular clasp-fastening and self-sealing adult hospital bracelets, the SWIFT-ID-BAND range comes supplied in an assortment of colours and fastener types.

A selection of durable and comfortable hospital wristbands, expandable from teenagers to adults. Available in a wide range of colours, they offer extreme high quality printing of text, barcodes and images without the requirement for expensive ribbon or inks.

Attached either by means of the BRENMOOR ultra-comfortable secure wristband clasp, or patent-protected, tamper-evident, self-sealing system. Additionally, we offer an alert-type wristband which allows a simple coloured tab to be added to alert medical staff to identifiable medical care options.

Once printed the bracelets are completely resistant to water, soaps, alcohol and all common chemicals used in hospital wards, theatres and laboratories to reduce the threat of patient infections.

### SWIFT200

slim, clasp-fastening, economy printable adult hospital wristbands

1-2  
WEEKS  
LIFE CYCLE

Our narrowest, low-cost wristband option for adults, the SWIFT200 is only 19mm in depth but still offers a wide print area for text, barcodes and images. Attached by means of the BRENMOOR ultra-comfortable secure wristband clasp. A perfect economy option with a slimmer profile and clasp-fastening.

- Economy adult wristband solution
- Provided complete with clasp-fasteners
- Slim format, low-cost bracelet
- Requires no expensive inks or ribbons
- Resistant to water, soaps, alcohol & chemicals
- Ideal for short term patient stays / day clinics
- Patent protected tamper-evident clasp fastening
- Select range of colours (black bar configuration on request)

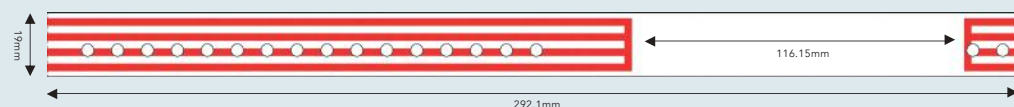

#### SPECIFICATIONS

Box qty	Roll detail	Size	Print area	Reg mark	Presentation	Core size	Outer diameter
1,000 with clasps included	5 x rolls of 200	292.1 x 19mm	100 x 19mm	116mm from perforation	Inside wound, strap leading	25mm	125mm

## Adult Wristbands

### SWIFT250

economy, self-sealing adult printable hospital wristbands

A narrower profile from our economy range of SWIFT-ID-BAND adult hospital wristbands, but this time with a simple, self-sealing fastening system. Durable and comfortable. A good fit for young adults upwards, whilst also keeping costs down. Once printed the bracelet is completely resistant to water, soaps and alcohol.

- Lower cost adult wristband solution
- Ideal for short term patient stays / day clinics
- Use on hospital wards, theatres & outpatients
- Narrow printable area for text & barcodes
- Patent protected tamper-evident fastening
- Adjustable length fastening strap
- Requires no expensive inks or ribbons
- Select range of colours and black bar configuration

#### SPECIFICATIONS

Box qty	Roll detail	Size	Print area	Reg mark	Presentation	Core size	Outer diameter
1,000 with adhesive closure	4 x rolls of 250	295.3 x 19mm	110 x 19mm	4mm and 136.2mm from right	Inside wound, strap leading	25mm	125mm

#### DIMENSIONS >>>

### SWIFT250-S

alert-friendly, self-sealing adult printable hospital bracelets

The same slim 19mm profile, economy wristband. Patent-protected, tamper-evident, self-sealing fastener. Plus, attach a coloured tab to this wristband and it transforms into a simple alert system providing hospital staff with increased visual identification of those patients with added concerns, allergies or additional medical care needs. A range of coloured tab options are available for medical teams to select individual alert colours for specific care needs.

- Low cost, self-sealing adult wristband
- Optional, visual identification system for medical care needs
- Use on hospital wards, theatres & outpatients
- Extra comfortable low profile design
- Attachable coloured tabs offer increased alert opportunities
- Patent protected tamper-evident fastening
- Easy print using common hospital systems
- Select range of vivid colours (others available)

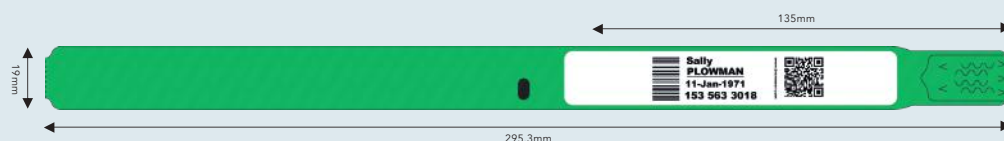

#### SPECIFICATIONS

Box qty	Roll detail	Size	Print area	Reg mark	Presentation	Core size	Outer diameter
1,000 with adhesive closure	4 x rolls of 250	295.3 x 19mm	110 x 19mm	4mm and 135mm from perforation	Outside wound, strap leading	25mm	125mm

## Adult Wristbands

### ECOBAND

self-sealing, low cost printable adult hospital wristbands

An economic, secure, self-sealing alternative to our most popular, printable adult hospital bracelet.

Our ECOBAND range of adult hospital wristband requires no fastening clasp, securing instead using its own patent protected, tamper-evident, self-sealing adhesive tab.

A highly durable and comfortable hospital wristband, available in a selection of colours (contact us for more options), offering high quality printing of text, barcodes and images without the requirement for expensive ribbon or inks.

Once printed the bracelet is completely resistant to water, soaps, alcohol and all common chemicals used in hospital wards, theatres and laboratories to reduce the threat of patient infections.

### ECO20

slim low cost, self-sealing printable adult hospital wristbands

The ECO20 is the perfect identification option for those requiring a slimmer, shorter profile of our low-cost ECOBAND range of self-adhesive, adult printable hospital wristbands. Secured with a tamper-evident, self-adhesive fastening system, this low-cost solution is ideal for use on hospital wards, theatre and for outpatient clinics.

- Low cost, low profile wristband solution
- Slim format economic self-sealing bracelet
- Ideal for short term patient stays / day clinics
- Patent protected tamper-evident fastening
- Economic narrow and slim profile
- Requires no expensive inks or ribbons
- Resistant to water, soaps, alcohol & chemicals
- Select range of colours (other options available)

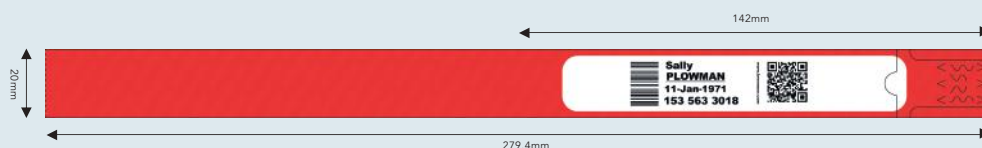

#### SPECIFICATIONS

## Adult Wristbands

### ECO25

self-sealing adult printable hospital wristbands

A shorter profile than our standard self-sealing adult hospital wristbands the ECO25 is a perfect fit for young adults upwards, whilst also keeping costs down. Durable and comfortable. Once printed the bracelet is completely resistant to water, soaps, alcohol and all common chemicals used in hospital wards, theatres and laboratories to reduce the threat of patient infections.

- Lower cost adult wristband solution
- Ideal for short term patient stays / day clinics
- Use on hospital wards, theatres & outpatients
- Large printable area for text & barcodes
- Patent protected tamper-evident fastening
- Adjustable length fastening strap
- Requires no expensive inks or ribbons
- Select range of colours and black bar configuration

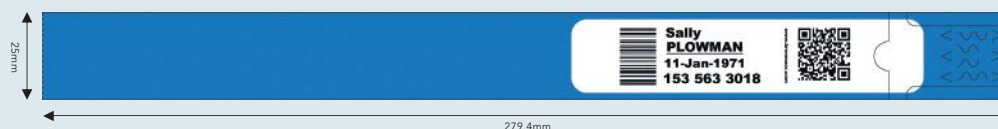

#### SPECIFICATIONS

### ECO25-FC

full colour self-sealing adult printable hospital bracelets

The ECO25-FC offers a full-colour print area across the whole of the wristband, providing hospital staff with increased visual identification of those patients with added concerns of a fall risk, medical or latex allergies, or requiring additional care needs. A wide range of colour options are available for medical teams to select individual wristband colours for specific care needs and ensure that patients are receiving the correct level of identifiable care.

- Low cost, self-sealing adult wristband
- Full colour print area for improved visibility
- Large printable area for text & barcodes
- Ideal for short term patient stays / day clinics
- High visibility colours offer increased alert opportunities
- Patent protected tamper-evident fastening
- Easy print using common hospital systems
- Select range of vivid colours (others available)

## Adult Wristbands

### ECO25-WRITE

hand-written, self-sealing,  
low cost adult hospital wristbands

A shorter profile, self-sealing adult hospital wristband keeps costs low. The ECO25-WRITE is unique in our range of patient identification solutions in that it is designed to be handwritten on the ward using ballpoint, rollerball and marker pens. Still durable and comfortable, this is perfectly suitable for short-term stays or daycare needs.

- Developed to be handwritten quickly
- Lower cost adult wristband solution
- Short life patient use
- Large hand-written area for text
- Ideal for short term patient stays / day clinics
- Adjustable length fastening strap
- Writeable with ballpoint pen
- Available in a range of colour options

#### SPECIFICATIONS

## JET125

inkjet compatible adult printable hospital wristbands

The same print resistant technology to all of the other ECOBAND range, however our JET125 is our only Inkjet specific solution. Allows the medical staff to print text, images and barcodes directly using more common Inkjet print technology. Durable and comfortable, they offer comprehensive printing of text, barcodes and images without the need for additional hardware.

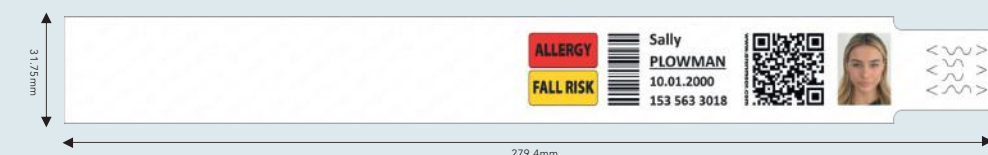

- For use in roll-fed Inkjet printers
- Extremely high quality full colour print
- Easy print using common hospital systems
- Use on hospital wards, theatres & outpatients
- Print with text, barcode and full colour images
- Totally resistant to water, soaps, alcohol
- Large print area for patient details
- Available in white as standard

#### SPECIFICATIONS

Box qty	Roll detail	Size	Print area	Reg mark	Presentation	Core size	Outer diameter

## Mother & Baby Wristbands

### MOTHER-BABY

mother & baby, dual self-adhesive, printable wristbands

A more cost-effective, adult and paediatric printable wristband solution for mother and baby. Highly resistant, comfortable and self-sealing with additional security measures. Both wristbands feature a unique self-adhesive fastening system which uses its own patent protected, tamper-evident, self-sealing tab.

- Slimmer format economic self-sealing bracelet
- Patent protected tamper-evident fastening
- Dual supply baby bracelets for wrist and ankle
- Comfortable low profile design
- Cost-effective identification
- Adjustable length bracelet
- Multiple baby identification solution
- Available in white as standard

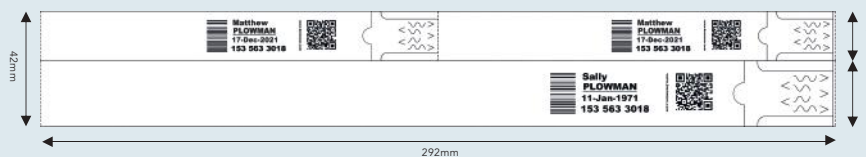

#### SPECIFICATIONS

### MOTHER-BABYSOFT

mother & extra-soft, slim babies printable wristbands

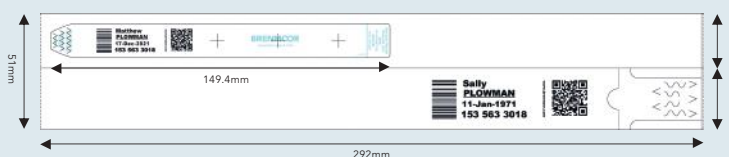

Comprising the same self-sealing, durable, comfortable hospital wristband for mothers, but coupled with a much more gentle paediatric hospital wristband made up of 2 parts, easily and quickly assembled, and ensuring that only blown sponge, ultra-soft plastic is in contact with a baby's delicate skin.

- Most comfortable neonatal wristband on the market
- Slim-profile comfort paediatric bracelet
- Skin facing, extra-soft foam backing strip
- Patented design, low profile wristband solution
- Adjustable length bracelets
- Patent protected tamper-evident fastening
- Totally resistant to water, soaps, alcohol
- Available in white as standard

#### SPECIFICATIONS

## Baby/Infant Wristbands

### BABYSOFT250

self-adhesive extra-soft babies printable hospital wristbands

Our BABYSOFT250 paediatric hospital wristbands are made up of two parts, easily and quickly assembled, and ensure that only blown sponge, ultra-soft plastic is in contact with a baby's delicate skin. Fully patented and in our opinion the most comfortable neonatal wristband available on the market.

- The most comfortable neonatal wristband available on the market
- Patent protected two-part assembly system
- Skin-facing extra soft foam backing strip
- Highest quality printing of text, barcodes and images
- Totally secure infant identification wristband
- Fully adjustable length bracelet
- Larger printable areas
- Available in white, red, pink and blue

#### SPECIFICATIONS

### BABYSOFT250N

slim self-adhesive extra-soft babies printable wristbands

A narrower version of our popular BABYSOFT250 paediatric hospital wristband with the same soft-touch, skin sensitive foam backing and self adhesive, security fastening. Security slits and an innovative design mean that the wristband is ultra-secure and cannot be removed without the wristband appearing damaged.

- Slimmer profile comfort paediatric bracelet
- Gentle, soft-feel blown vinyl backing
- Patent protected tamper-evident fastening
- Low cost, low profile wristband solution
- Easy, quick to assemble two-part system
- Smaller printable area
- Totally resistant to water, soaps, alcohol
- Available in white, red, pink and blue

#### SPECIFICATIONS

## Baby/Infant Wristbands

### ECOBAND-INFANT

self-sealing economy paediatric printable hospital wristbands

A more cost-effective, paediatric printable wristband solution - highly resistant, comfortable and self-sealing with additional security measures.

The ECOBAND-INFANT range of hospital wristband features a unique self-adhesive fastening system which uses its own patent protected, tamper-evident, self-sealing tab.

Highly durable and comfortable, this paediatric hospital bracelet, available in an assortment of colours (available by request in other colours), offers high quality printing of text, barcodes and images without the requirement for expensive ribbon or inks.

Once printed the bracelet is completely resistant to water, soaps, alcohol and all common chemicals used in hospital wards, theatres and laboratories to reduce the threat of patient infections.

### INFA-ECO20

shorter, slim, low cost, self-sealing childrens hospital wristbands

The INFA-ECO20 is a good option for those requiring a shorter, slimmer profile from one of the low-cost ECOBAND-INFANT range of self-adhesive, paediatric printable hospital wristbands. Secured with a tamper-evident, self-adhesive fastening system, this low-cost solution is ideal for use on hospital wards, theatre and for outpatient clinics.

- Low cost, low profile wristband solution
- Slim format economic self-sealing bracelet
- Ideal for short term patient stays / day clinics
- Patent protected tamper-evident fastening
- Economic shorter, slimmer profile
- Requires no expensive inks or ribbons
- Resistant to water, soaps, alcohol & chemicals
- Select range of colours (other options available)

## Hospital Labels

labels for patient samples, case notes & laboratory identification

We are able to supply our customers with a complete range of superior quality hospital labels - in paper, polyester, heat-sensitive and freezer-proof polypropylene materials - supplied on rolls and A4 sheets. Designed for use with hospital admissions, patient case-notes, blood/ tissue samples and laboratory administration.

Available as standard in a selection of sizes and quantities, used for general short and long term labelling and produced using advanced material technologies that means they can be adhered to any substance.

If we do not have the exact size or material shown, please contact us for custom manufacturing to your specific material requirements and sizes.

## INFA-LABEL

4-6  
WEEKS  
LIFE CYCLE

for use with old-style handwritten childrens hospital wristbands

An innovative patient identification solution which will allow old-style handwritten childrens hospital wristbands to be used in conjunction with the added security of printed text and barcodes. A unique self-adhesive label will adhere directly to the surface of an existing handwritten or printed childrens hospital wristband. Built-in security slits will stop the label from being removed in one piece.

- Added security for old-style handwritten childrens hospital wristbands
- Print with barcode, text, photo and images
- Adheres to surface of silicone wristbands
- Innovative tamper-evident fastening
- High quality print
- Print resistant to water, soaps, alcohol & chemicals
- Simple to use
- Available in white as standard

## CODE 39

For use with Haemonetics BloodTrack system

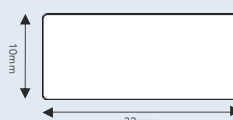

CODE 39 labels were originally developed to be used in conjunction with Haemonetics BloodTrack system. These sequentially numbered labels form a link between the member of staff and the kiosk when the medical professional is gaining access to the system. Small enough to adhere to medical staff ID badges and cards - so easily at hand for quick access to kiosk.

- Manufactured from polypropylene film
- Printed with sequential numbers and barcodes
- Ultra-clear polypropylene lamination for extra protection
- Use with Haemonetics BloodTrack system
- Permanent high-tack adhesive
- Can be produced in other sizes if required
- Hard-wearing, long-life medical staff use
- Available in white as standard

#### SPECIFICATIONS

Box qty	Roll detail	Size	Print area	Presentation	Core size	Outer diameter

## Innovative MHRA compliant BLOOD BAG TAG LABELS

The quickest, most cost - effective and reliable method to ensure positive identification of blood bags available on the market today on rolls.

Designed, produced and supplied exclusively by BRENMOOR, our innovative, fully patented, blood bag tags comply with all aspects of the MHRA (Medicines and Healthcare products Regulatory Agency) Regulations.

The blood bag tag is supplied blank and can be printed through all common direct thermal printers and attached to the blood bag in a matter of seconds. Once printed the blood tag is completely resistant to water, soaps, alcohol and all common chemicals used in blood banks, hospital wards, theatres and laboratories, to reduce the likelihood of blood being wrongly administered.

The face of the blood bag tag contains a selection of printable areas, to record both the patients and transfusion staff details, and also will allow a handwritten signature to be added. Additionally, there are a number of perforated areas which are easily detached and used for accurate recording of the transfusion process on to patient notes.

- Innovative printed one-part tag system
- Removable self-adhesive panels for transfusion recording
- Self -adhesive hanging loop fixes to blood bag
- Easily detachable barcode printed elements
- Can be optionally hand-written by hospital staff
- Fully compliant with all aspects of the blood identification MHRA advice
- Can be customised for individual hospital requirements

### Code 39 Barcode Labels

Our Code 39 labels will identify hospital staff as they use the Haemonetics BloodTrack system kiosk.

Permanent adhesive and laminated for extra protection the labels are printed with a barcode specific to the member of staff.
